

The St. Vincent de Paul Society will again be sponsoring the Christmas Angel tree to help local children and some special adults we have 'adopted'.

The angels will be hung in the gathering area of the Church from November 14 to November 22. To ensure social distancing when choosing an angel, we will hang the Angels on the back bulletin boards and on two easels within the gathering space.

This year, we are asking that the unwrapped gifts be brought to our Christmas 'storage unit' by the Food Pantry near the pavilion before or after the Masses. Someone will be at the unit to put them away. This will help greatly in keeping us all safe. Please attach numbered Angel securely to the gift. Gifts will need to be brought back to Church by December 8.

If you would like to help but do not feel comfortable with shopping, gift cards will be graciously accepted and used to fill requests. It is preferred that you place gift cards in the offertory basket in the gathering space or that you drop them off at the Parish Office Center rather than mailing them to us.
